Dear Customer:

It is with deep sadness we inform you that Tom Mueller, President of Laboratory Systems Group, Inc., passed away on Monday, November 17, 2008. With Tom fighting his cancer since May 2008, it became necessary for the rest of the team to oversee the direction and management of Laboratory Systems Group, Inc.

Tom started Laboratory Systems Group, Inc. in 1983 with his business partner David Stevens CDT. Dave since retired in 1997, at which time Rosalie Mueller (Tom's wife) stepped in as Vice-President and Chief Financial Officer. She is now the President of Laboratory Systems Group, Inc.

Tom's dream from the very beginning was to develop a user-friendly software package that meets all the needs of dental laboratories. He devoted his passion to his company, which now serves over 2600 loyal customers.
